

Bonsai Care

A bonsai tree is representative of harmony, peace and balance
Please place the bonsai tree in a bright area of your house-bonsai trees
likes a lot of sunlight

When watering please remove from the glass terrarium and water until the
water runs through the drainage holes. When watering is complete return
the bonsai tree to the terrarium. Water again when the soil begins to dry
out. check every 2 weeks

The Moss featured in any of our bonsai products is preserved and does
not require any maintenance.
